

PolyTack Entrance Mats

Distributed by: Frham Safety Products, Inc.

- Our PolyTack Entrance Mat, made from an incinerable polyethylene film, removes foot-borne particulate before entering the clean room area
- Seamless, one-piece construction allows full surface coverage and eliminates gaps between mats for large surfaces
- Numbered tabs provide easy identification and sheet separation
- Our mat allows easy mobility for carts and wheeled machinery for removal of wheel-borne contaminants
- The polyethylene film contains a special anti-microbial agent to provide long-lasting protection against bacterial growth
- Comes standard with full adhesive backing - 1 1/2" adhesive strips can be substituted upon request
