

# FRHAM/RADeCO

*“The Industry Standard”*

*For Air Sampling and  
All Your Radiation  
Protection Needs*

*RADeCO has been the standard in air sampling  
equipment and now are represented by  
FRHAM SAFETY PRODUCTS, INC.*

## ***Air Sampling Equipment for over 30 years***

- CP-100 Radioiodine Sampling Cartridge, 2.27" Dia x 1.04" Thk, 40-50 Mesh 5% TEDA Treated Charcoal, For High Flow-Long Term Sampling
- CP-200 Radioiodine Sampling Cartridge, 2.27" Dia x 1.04" Thk, 20-30 Mesh 5% TEDA Treated Charcoal, For Low Flow Sampling
- BG-300 Radioiodine Sampling Cartridge, 2.27" Dia x 1.04" Thk, 20-30 Mesh 5% TEDA Treated Charcoal, For Low Flow Sampling
- GY-130 Silver Zeolite Radioiodine Sampling Cartridge, 2.27" Dia x 1.04" Thk, 30-50 Mesh Silver Loaded Zeolite, For Sampling In Presence Of Radioactive Noble Gases, Noble Gas Retention Less Than .0001
- DE-500 Radioiodine Sampling Cartridge, 1.62" Dia x 0.76" Thk, 20-30 Mesh 5% TEDA Treated Charcoal, For Lapel Sampling
- RL-100 Lipped Radioiodine Sampling Cartridge, 2.52" Dia x 1.04" Thk, 40-50 Mesh 5% TEDA Treated Charcoal, For High Flow-Long Term Sampling
- RL-300 Lipped Radioiodine Sampling Cartridge, 2.52" Dia x 1.04" Thk, 20-30 Mesh 5% TEDA Treated Charcoal, For Low Flow Sampling
